Team Involvement in Demonstration

Date	3 October 2026
Team ID	SWTID-2026-9282
Project Name	ComicCraft-AI Comic Creator using Gemini Models
Maximum Marks	1 Mark

Team Involvement in Demonstration:

This document records the participation and responsibilities of each team member during the demonstration of **ComicCraft – AI Comic Story Creator using Gemini Models**. Each team member was assigned a specific section of the demonstration to ensure clear coordination and active participation throughout the presentation.

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation (Active / Passive)
1	**M. Asina**	**Team Leader & Presenter**	Project Introduction, Problem Statement, API Documentation & Q&A	Introduced the project, explained the problem statement, coordinated the demonstration and handled the Q&A session.	**Active**
2	**E. Varsha**	Technical Presenter	Solution & Architecture Overview	Explained the system architecture, technologies used and overall ComicCraft workflow.	**Active**
3	**K. Sindhuja**	Feature Presenter	User Input & AI Story Generation	Demonstrated the user input fields and explained AI-based comic story generation using Gemini.	**Active**
4	**R. Mahalakshmi**	Feature Presenter	Five-Panel Comic & AI Image Generation	Demonstrated the five-panel comic creation and AI-generated illustrations for the comic panels.	**Active**
5	**S. Mangai**	Feature Presenter	Comic Preview & PDF Export	Demonstrated the generated comic preview and PDF generation/download functionality.	**Active**
6	**Team Support**	Demo Support	Technical Support & Coordination	Supported the team during the live demonstration, verified project outputs and helped resolve demonstration-related issues.	**Active**

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	**M. Asina**
Overall Team Coordination Rating (1-5)	**5 – Excellent**
Any issues during demo	Minor technical issues may occur during AI generation or internet/API communication.
How issues were resolved	The team checked the API configuration, internet connection and application status, then continued the demonstration successfully.
